

Branding with Hometiger

Be where your customers are

Millions of visitors can't be wrong – our platforms [hometiger.fr](https://www.hometiger.fr) and [moebel24.de](https://www.moebel24.de) are the go-to destinations for branding and awareness.

Provide us with a product feed and individual CPC bids, and we'll integrate your furniture items into our website.

You'll receive a transparent dashboard that keeps you informed about every click. Use our badges, such as "online only," "delivery to your apartment," or promo codes, to stand out from other retailers.

Integrate our conversion tracking. With our conversion tracking, we can precisely boost your top sellers, ensuring no clicks are wasted.

Also, ask about our flat rate and CPC banner deals!

Easy to integrate with your Google Shopping Feed

Implementations for USP Badges and Vouchers

Transparent Reporting on each Click

Extend your Reach with Bing and Google Shopping

Monthly Consulting and Success Management for free

1

Implementation

We need a product feed (like Google Shopping). Your Feed gets updated every 24 hours.

You install our Tracking Script to ensure, we advertise the right products.

2

Hyper Care

The first month we monitor traffic carefully and our system finds more and more conversion traits, that work for you! We will support you with insights, and how you can position your topsellers.

3

Customer Success Management

You will get a personal Customer Success Manager from Us - for free.

During your monthly meetings, we will provide you with more insights and benchmarks.
